BOOHER WILL NOT ENTER RACE AGAIN

PRESENT CONGRESSMAN ANNOUNCES, NOT FOR RE-ELECTION

HAS SERVED FOR 7 TERMS

His Many Friends Regret His Retirement—Has Ably Represented the People of This District

Congressman Charles F. Booher will not be a candidate for re-election according to a statement issued by Mr. Booher today at Savannah.

The condition of Mr. Booher's health is such he does not feel that he could stand the strain of a campaign and he also feels that he has been sufficiently honored by his party, which has given him the opportunity to break the record in this district. Mr. Booher who has been at home for some time taking medical treatment, will return to his duties at Washington about April 1.

Congressman Booher has been representing this district in congress for seven consecutive terms. He served also in the 50th congress to fill the unexpired term of James N. Burnes, deceased. He has been a faithful servant of the people and well represented this district in Washington. His many friends regret that he is not a candidate again.

The following is his statement:

Savannah, Mo., March, 25. 1920

To the Citizens of the 4th Congressional District:

So many inquiries have come to me as to whether I will be a candidate for re-election to Congress and the time now approaches for candidates to announce, that I deem it opportune to declare my intentions.

I shall not stand for re-election, and take this occasion to thank the Democratic party and many friends also among Republicans for the high honor of representing for seven consecutive terms, the far fame Platte purchase which I think is the best district in the United States.

The people owe it to the district and to the nation to select the best man available for this high office, and I trust the Democrats will choose as my successor the man who will best represent the important interest of this great district at Washington and who can measure up to the wonderful opportunities and great responsibilities of a congressman in these momentous times.

I shall retire from public life with my present term with a heart full of gratitude for the kindness and honor the district has shown me and in effectionate remembrance of my many friends, and especially those of dear old Andrew County.

Most respectfully.
CHARLES F. BOOHER.

PARNELL CITIZENS GIVE TOWN PARKS A CLEANING.

The men of Parnell turned out enmasse today to clean the town parks and give the streets a good spring house cleaning. The crowd assembled at one o'clock, each man provided with rake and tools to work with, and a few hours with directed labor accomplished much in beautifying the town.

ANNUAL REPORT OF NODAWAY TOWNSHIP COMPLETED.

E. H. Bearce, clerk of the board of Nodaway township, has completed the annual financial report of the board which is published in this week's issue of the Post.

Due to a great deal of work on the roads the expense for the year ending March 15 was some greater than that of the year before, but the township still has almost as much money on hand as at the beginning of the year.

The sinking fund account shows $2,000 principal and $1,500 interest paid, with a balance of $6,569.16 remaining. —Burlington Junction Post.

PAID OFF $10,500 OF TOWNSHIP ROAD BOND ISSUE TODAY.

The township board has paid off $10,500 of the road bond issue of this township, the bonds being destroyed today. Of the original issue of $50,000 there is still $8,500 yet to be paid.

DOES NOT ADVOCATE SUNDAY FISHING

REV. DILLINGER WRITES "COME BACK" TO EDITOR FRIEND

REFERRED TO EYE BEAMS

Says Sunday Joy Riders Should Not Find Fault With Laborer Who Seeks His Sunday Recreation.

Rev. J. Arthur Dillinger, pastor of the First Christian church of Salina, Kan., who is well known in this city, recently made the statement in a "Father and Son" sermon delivered at his church that he failed to see where the public obtained the idea that the man or boy who went fishing on Sunday was going "straight to perdition."

The statement was given wide publicity and Mr. Dillinger has a "come back" in a personal letter written to editor Bennett of the Bolckow Herald, published in that paper yesterday. Mr. Dillinger is a son-in-law of Mr. and Mrs. William Armstrong of this city, the letter follows:

"Some weeks ago I was making some comparisons from the pulpit. There are some folks who object to one thing and another and they in turn do worse things. I merely asked those folks to be consistant. I said, 'You folks who find fault with Sunday fishing, why do you go to dances on Saturday nights and dance over into the Sunday morning hours. You folks that burn up the roads on Sunday joy riding, why find fault with a poor man who toils all week who seeks recreation off by himself on Sunday in the woods, perchance even if he does fish a little, for when has be the opporunity during the week.'

"I certainly do not advocate Sunday fishing and besides out here in Western Kansas, it is a joke to go fishing, here fishing is the next thing to doing nothing. So, what I said was by way of sarcasm. There happened to be a reporter present, she played up what I said to mean just the opposite from what I meant it to mean. What I was trying to do was to ask for a more sacred Sunday. This Kansas City article, sent there by the reporter has gotten into the Press Service bureau and I guess it has gone all over the United States.

"Brother Bennett, I will sure be mighty glad if you will kindly print this week in your paper a word or two saying that I never said that I favored Sunday fishing. I was talking about people with Beams in their eyes seeing faults in others."

RAVENWOOD ICE COMPANY ENLARGING ITS PLANT.

COUNTY FARM AGENT TO BE IN MARYVILLE SOON

Roy A. Kinnard Expected Within a Few Days—Farm Organization Progressing in Other Counties

The progress of the farm bureau organization over the state and the interest and enthusiasm with which farmers are taking up the work is shown in a report from Atchison and Saline counties received by the secretary of the Nodaway county farm bureu, from Chester H. Gray, president of the State federation.

Mr. Gray says the solicitors have had splendid results with their work also. In Saline county, $2100 was subscribed to the federation fund and in Atchison county $3100. Practically every farmer in these counties is now a member of the county organization.

Roy A. Kinnard, county farm agent for Nodaway county who is to take up his work April 1, is expected in Maryville in a few days. The rooms over the Tribune office, which will be permanent headquarters for the bureau, have been furnished and all equipment placed ready for work.

JUDGE JAMES WILL RUN FOR CONGRESS

FORMER ANDREW COUNTY REPRESENTATIVE ANNOUNCE CANDIDACY

IS THE THIRD CANDIDATE

It Looks Now as if There will not be Over Four Candidates in the Race for this Place.

Judge W. K. James of Andrew county announces today his candidacy for the Democratic nomination for congress from this district. Judge James is the third candidate to announce, the others being R. I. Young and L. C. Gabbert of St. Joseph. It is said that W. E. Spratt of St. Joseph will announce in a few days. At this time it is thought the congressional race will be between these four.

Judge James was in Maryville last night on his way to Atchison County.

In his statement, Judge James says:

"I am a candidate for congress, subject to the Democratic primary, August 3rd. I believe in government by parties and that I can serve my country best through the Democratic party. But this being a presidential campaign, the national platform will be made by the National convention in July, and the state platform under Missouri law is written after the primary election in August, by the Democratic state committee and our nomines for state congressional and legislative offices. So that, until July the voters, in making up their minds as between different candidates, must to a great extent look to the personality of the men and the interest and work shown and done by those men on behalf of the people in the past. Electing officers for the state and nation is of vital importance; and [illegible] suitable men be chosen in the final election in November if not nominated in the August primary? In the World War everybody was alive and alert to serve his country; now too few concern themselves in seeing to it that those men are nominated who are most competent and efficient and will best serve their country. In these momentous times, the position I aspire to is great in opportunity for promoting the welfare of the district and the nation at large.

"From 1878 until 1913 I lived in St. Joseph and did what I could, in connection with my business as a lawyer and as circuit judge, for her interests and welfare; but having been born and reared on a farm I yearned to return to my boyhood vocation and in 1913 I moved to a farm near Avenue City, in Andrew county, where I have since resided and given my time partly for St. Joseph but mostly for the country life.

"I have walked in and out daily among the people of the district for forty years and if my life and conduct are not some guaranty of the kind of service expected from me in congress, then nothing I might now say would have much influence. Because after all it is what a man is and does that really counts, more than what he says.

"When Andrew county sent me to the legislature, I worked hard—as hard as I ever worked in my life, and some important statutes in the state are part of my record. And if that congressional district—the far famed Platte purchase, an agricultural section of wonderful fertility centering about St. Joseph, its fine metropolis—sends me to Washington, I shall hope by hard work and to the utmost extent of my ability to measure up fully to the opportunity for serving all the interests of all the people I had the honor to represent."

District Convention April 30.

The Republican congressional convention will be held in Savannah on April 30 to select two delegates and two alternates from this district to the Republican National convention to be held at Chicago on June 8. Nodaway county is entitled to fourteen delegates.

PROTECT WOMEN OF CITY FROM BOGUS SOLICITORS

Women Should Ask to See Written Permit From Chamber of Commerce Before Giving.

To protect women of the city from being preyed upon by solicitors of unworthy causes, or by individuals who are not authorized collectors for established charities, it has been suggested by the secretary of the Chamber of Commerce, G. A. Pickens, that women employ the privilege of the business men of the city, by asking any and all solicitors to show their permit from the Chamber of Commerce.

Memebrs of the Chamber of Commerce refuse in all cases to respond to any solicitation for any purpose whatever unless written permission is given the solicitor by the proper officers of the Chamber of Commerce. Conspicuous signs, so stating are displayed in all business houses of the city.

There is a special committee from the Chamber of Commerce appointed to investigate the purpose and cause of all such solicitors and if their cause is deemed worthy, written permission is given this person to canvass or solicit. This committee makes careful investigation in every case and while all good causes are given aid, every effort is made to protect citizens from bogus solicitors and grafters.

If women would ask solicitors to see their permit from the Chamber of Commerce before giving, they not only would protect themselves from being taken advantage of, but would aid in keeping the city free from imposters in the guise of solicitors.

SALES OF WAR SUPPLIES TO PUBLIC TO CONTINUE.

Washington, D. C.—Retail stores through which the War Department has sold many millions worth of commodities to the public at cost, will be continued until stocks have been practically exhausted or until "overhead" charges in any given case exceed 10 per cent of receipts from sales. It is announced by the War Department that most of the items adapted for sale through these store have been marketed, and the expense of operation is increasing rapidly.

After the stores have been closed, the War Department says, a new method of disposing of the remainder of the Government's surplus stocks will be adopted. Lists of the remaining stocks will be prepared. These will give a description of the material and facts as to the quantity and place of storage. In each instance the minimum quantity on which bids will be received will be fixed as the smallest practical shipping unit, regardless of the total offered for sale.

The total receipts from sales through the more than seventy stores operated by the department were $25,548,210 up to February 13, 1913. For the week ending on that date, the sales aggregated $773,174.

A MODERN CINDERELLA APPEARS IN CHICAGO COURT.

Chicago, March 24.—A modern Cinderella—the story parallels the fairy tale except that she hasn't found her Prince Charming or a fairy godmother as yet—appeared in a courtroom here and sobbed out a story that brought tears to the eyes of the spectators.

She was eight-year-old Clara Drajus, found shivering and clad in rags on a street corner. She declared that her stepmother, with whom she lived, forced her to haul ashes, carry heavy buckets of coal up two flights of stairs, and perform all the heavy work of the household. Finally, she said she was driven out into the cold, wearing only a suit of soiled underwear, one of her father's socks and shoes that scarcely held together. She was covered with filth and vermin.

In the court room sat the stepmother, Mrs. Lillian Drajus, wearing a heavy comfortable fur coat and other good clothing. After hearing the story, the Judge ordered the child cared for by the court until a "fairy godmother" can be found to adopt her.

UNIVERSITY TO MAKE A FARM SURVEY.

Columbia, Mo.—In order to determine with some degree of accuracy the social aspect of farm tenancy in Missouri, Prof. Carl C. Taylor and Fred Yoder of the sociology department of the University of Missouri will leave Columbia the last week in April to make two surveys in representative counties of the state. Two hundred farms an two contrasting counties will be thus surveyed. New Madrid county, where more than 80 per cent of the farms are said to be renters, and another county, in the northwest part of the state, will be chosen

This is to be a co-operative survey under the asuspices of the U. S. Department of Agriculture and the College of Agriculture of the University. Tow advanced students in rural sociology will make the trip to assist with the work.

The farm survey begun about a month ago by six students of rural sociology and economics has been completed. From 20 to 21 per cent of the farmers of Boone county, of which Columbia is the county seat, were found to be renters.

MAY TEACH AVIATION AT MISSOURI UNIVERSITY.

Columbia, Mo.—If efforts now being made by the Aero club of the University of Missouri bear fruit, students in the future may add flying to their accomplishments while attending school here. The club, which is composed of men who were commissioned in the United States aviation service, recently decided to push the question. A committee will confer with the local Commercial club in an effort to enlist its aid. As Columbia is about midway between St. Louis and Kansas City, it is felt that this is the logical place for a station. It is planned to obtain a landing field of one hundred acres and to install gasoline filling stations.

CHANCE FOR FREE LAND GIVEN TO SERVICE MEN.

Washington, D. C.—More than 360,000 acres of land in western Oregon have been opened to settlement, and preference in the right of entry has been given to former soldiers, sailors and marines. The Department of the Interior had this land ready for entry some months ago, but waited until Congress could make provision for former service men.

Men honorably discharged from the army, navy or marine corps have a preference right of sixty days within which to file their entries on this land. The period of this preference begins May 10 and ends July 8, 1920. They may file their applications as early as April 12.

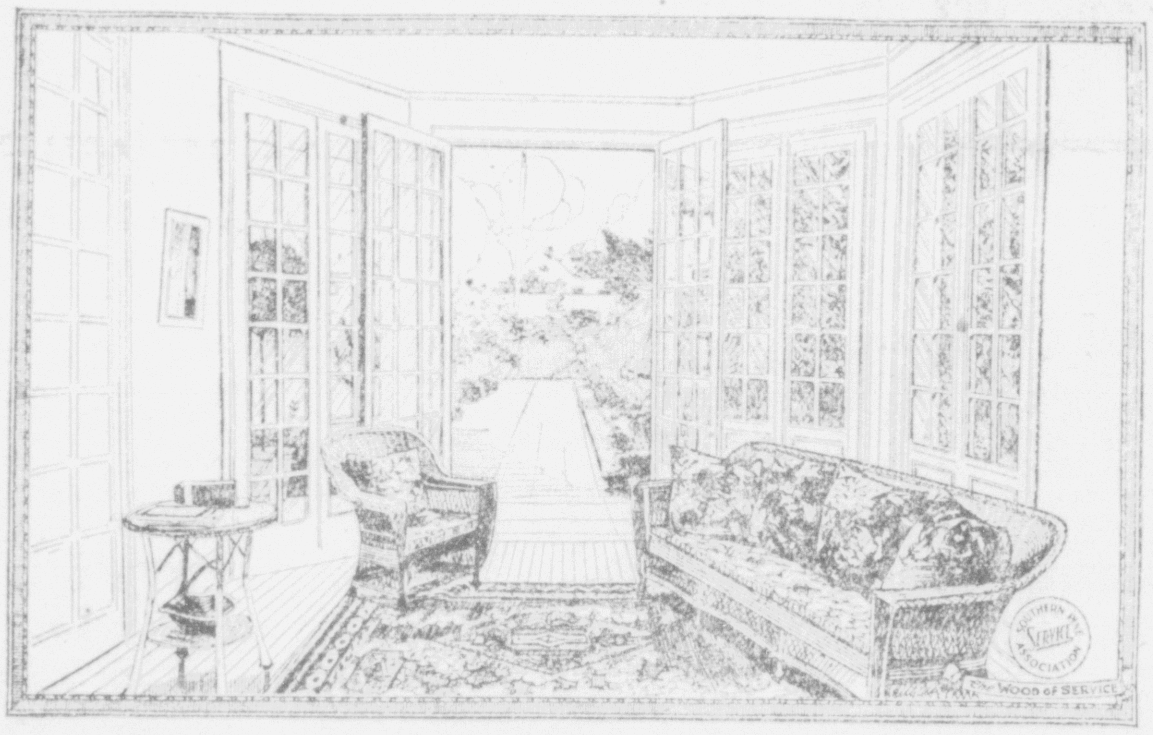
EAST SIDE SQUARE
MARYVILLE, MISSOURI



There are many good houses in Maryville that with the outlay of a little money, can be made attractive. Take you interiors for instance, by the use of new woodwork around the windows and doors, new base boards, and hardwood floors, laid over the unsightly six-inch flooring, then new wall paper and your interior can be made just as beautiful as a complete new building.

Just to illustrate the cost of hardwood floors we will take a room twelve feet wide by sixteen feet long, that will require two hundred and fifty-six feet of narrow flooring, that would cost you in clear oak $70.40 and in narrow edge grains yellow pine (clear grade of course) $44.80, less than the cost of a rug or a new carpet.

It will pay you to investigate a remodeling cost

Buys W. H. Davis Home.

The W. H. Davis home in Burlington Junction was sold Monday to J. W. Smith, the consideration being $9,000. Possession will be given the early part of May, at which time Mr and Mrs. Davis will leave for California where they expect to remain indefinitely.

This transaction changes the ownership of what is admitted to be Burlington Junction's most desirable residence property. It is thoroughly modern, is elaborately finished and well located, and will make an excellent home for Mr. and Mrs. Smith.—Burlington Junction Post.

Perfect Health is Yours
If the Blood is Kept Pure

Almost Every Human Ailment Is Directly Traceable to Impurities in the Blood.

You should pay particular heed to any indication that your blood supply is becoming sluggish, or that there is a lessening in its strong and vital force.

By keeping your blood purified, your system more easily wards off disease that is ever present, waiting to attack wherever there is an opening. A few bottles of S. S. S., the great vegetable blood medicine, will revitalize your blood and give you new strength and a healthy, vigorous vitality. Everyone needs it just now to keep the system in perfect condition. FABRICS NAMED FOR CITIES. WORSTED MADE IN WORSTED

Majority of Cloth Manufactured Is Named for the Town in Which It Was First Made.

The origin of the names of popular fabrics is even more interesting than the tracing to third lingual roots of ordinary words.

About the year 1329 the woolen trade of England became located at Worsted, about fifteen miles from Norwich, and it was this place that the manufacture of the twisted double thread woolen, afterwards called worsted, was first made, if not invented.

Linsey-welsey was first made at Linsey, and was for a long time a very popular fabric.

Kerseymere takes its name from the village of Kersey, and the mere close by it, in the county of Suffolk.

We have to thank Gaza, in Palestine, the gates of which Samson carried away, for gaza or gauze. Gaza means "treasure." Voltiare, wishing to describe some intellectual but dressy woman, said "She is an eagle in a cage of gauze."

Muslin owes its name to Mossoul, a fortified town in turkey in Asia.

Tulle obtains its name from that of a city in the south of France. Travelers by rail in Brittany often glide past Guingamp without remembering that it was here that was first produced that useful fabric, gingham.

Damask derives its name from the city of Damascus; calico from Calicut, a town in India formerly celebrated for its cotton cloth, where also calico was printed; cambric from Cambray, a town in Flanders, where it was first made; and tweed from a fabric worn by fishermen upon the River Tweed.—New York Evening Mail.

JAZZ MAKES WEATHER WICKED, SAYS THIS PROGNOSTICATOR

Auburn N Y—Michael Delaney, who has been Moravias weather prophet for sixty years says "too much jazz" causes blizzards.

"I have predicted weather for sixty years and last fall predicted one of the hardest winters on record," he said. "The cause was the the upper air currents were heavier than normal and this was brought about by the large number of social doings with bands and orchestras this winter. Musical vibrations help to keep the air heavy, bringing down the storm clouds It is an old proverb that the picnic and the thunder showers are usually found together."

POTATOES DO BEST WHEN PLANTED EARLY IN SPRING

Crop Should Be in the Ground Before the Last of March-Frost No Bugbear.

Potatoes are one of the most profitable crops grown in the back-yard garden. Much of the success of the crop depends upon the manner in which it is handled.

Generally speaking, the earlier potatoes are planted in Missouri, the better the yield will be. In the average season, potatoes should be planted in Central Missouri before the last week in March. They can be planted from one to two weeks earlier in the southern section of the state.

Potatoes planted in April have produced good results, but when planted early have a longer growing season and more favorable weather. They usually mature before the summer drouth.

Sometimes the sprouts will be killed by late frost, but new shoots will soon be produced.

The common method of planting is fifteen inches apart in rows that are three to three and one-half feet apart. Where the garden is small they may be planted as closely as two feet apart.

It is not advisable to plant two seed pieces in a hill. It is a waste of seed. The ground is seeded with twelve to sixteen bushels per acre.

Most of the potatoes in this vicinity are dropped by hand and covered with a hoe.

The seed is covered about five inches deep and should be planted immediately after the furrow is opened. After a week or two this ridge can be dragged down, leaving the potatoes covered about three or four inches deep.

ICE AGE SLOWLY RETURNING IS BELIEF OF GEOLOGIST

Bar Harbor, Me —That the ice age is lowly returning and that the temperate zone is again enterting a period of frigid conditions is the belief expressed here by Thomas Patten philosopher, geologist and student of prehistoric conditions.

Mr Patten points with concern to the past few winters in Maine. The cold of December and January in Maine has been unprecedented in official records. Excess precipitation has not been lacking with the heaviest fall rains for years and snowfall is of greater depth than ever before

Extra Heavy Steers

John Davis delivered 40 head of steers Monday which weighed a little less than 1600 pounds; to be exact, 1585 after shrinking. They brought $14 per hundred and were perhaps the heaviest if not the best finished steers shipped from this point in years. John is one of the oldest feeders and knows how to make finished cattle. They were shipped to the Chicago market.—Ravenwood Gazette.

Young People on the Farm

Farm life is becoming more and more pleasant and attractive for young people with the coming of modern homes, social and educational advantages and quick access to the advantages of a good near-by town.

One advantage a young man or young woman on the farm can have at all times is access to a good bank, and the use of its facilities for saving money or for the transaction of business that will help the young people in their future work.

The young people on the farm are the real foundation of the nation's future prosperity—it depends on their prosperity—and this bank has a very personal interest in the welfare of every young man and young woman in the community.

A Nervous Wreck Following LaGrippe

Kirksville, Mo.—"I had a severe case of the la grippe and did not get along well afterward; it left me weak and a nervous wreck. I could not do anything. I went on this way for some time, just could not get back my health. I took many medicines but without results. At last I began taking Dr. Pierce's Favorite Prescription and it soon built me up and gave me strength and I felt like a different person. Women who want a good medicine will find it in 'Favorite Prescription.'"—MRS. A. SHAIN, 402 W. Illinois St.

Weak Women Should Take Heed

Hannibal, Mo.—"Dr. Pierce's medicines have been a great help to me during the past ten years. The 'Favorite Prescription' cured me of woman's weakness and many times when I was run down and nervous this medicine has restored me to good health. And for cleansing one's system and keeping it in perfect condition, Dr. Pierce's Pleasant Pellets can't be equalled. I have also taken Dr. Pierce's Anuric Tablets and have been greatly benefited. I have proved that Dr. Pierce's medicines are fourfold, and more. They promote health, prevent untimely deaths, restore folly, and keep off doctor bills. Why do they do this? Because they are made of roots, herbs and barks—Nature's remedies, and they produce pure blood, the secret of health."—MRS. LUNA V. CHRISTIAN, 605 Fulton Ave.

Rich Profit in Walnut Timber.

Emporia, Kans., March 26.—Owners of walnut groves along the Neosho and Cotton rivers are reaping a rich harvest from the sale of walnut timber, which is being used for the manufacture of air-plane propellers and high grade furniture.

Walnut timber along these rivers has an especially fine grain and is being much sought after by the manufacture.

OLD GUARD LEADERS AGAIN FACE REVOLT.

Washington, D. C.—It is apparent that the Republican Old Guard is threatened with a new Bull Moose uprising. Senators Borah and Johnson have maneuvered the Lodge faction out of advantageous position it held for months. The little band of party wreckers are busy undermining the Hays organization. The Borah-Johnson coterie is asking, "Who in the devil is Will H. Hays?"

There are stormy days ahead for the Penrose-Hays ring. The Borahs and Johnson are riding hard and will run over the Old Guard, if possible.

The apprehension that Messrs. Penrose, Watson and others of the Hays faction felt over the early speaking tours of Mr. Johnson seems to have been well grounded. The Republican "irreconcilables" have collected the discordant elements of their party and the opponents of the treaty and are making a showing.

Most of the woes of the Republican organization at this moment can be traced to the "stacking" of the Senate Foreign Relations Committee against the peace treaty.

Democratic members of the House of Representatives commenced several weeks ago to call attention to the sorry record of the present Congress, which is controlled by a little group of Republicans under the leadership of Senator Penrose. It is understood that Mr. Penrose and Chairman Will H. Hays of the Republican National Committee have given orders to their lieutenants in the two houses that Congress must adjourn early in June.

The Republican leaders of the House have talked a great deal, for home consumption. They have taken great pains to get their boasts and brags into the newspapers.

Representative Tom Connally of Texas, in a speech in the House, defined the attitude of the Republicans. He was advising Representative Graham, Republican, of Illinois, chairman of the special committee on expenditures in the War Department, to quit criticizing and offer something constructive.

There had been clamoring because it was said that the War Department had on hand great masses of all kinds of material which ought to be disposed of and turned back into the useful lines of commerce, said Mr. Connally.

"After resolutions have been adopted and the Secretary of War notified that such articles must be disposed of, the Gentleman (Representative Graham) comes back into the House and makes a complaint here because the Secretary of War has on hand so few of the very articles which he and his committee have been declaring should have been disposed of," said Mr. Connally. "They have been denouncing the Secretary of War for his neglect in not selling supplies and now condemn him for having too little."

The Republican Senate has ceased to function as a deliberative body because of the aspirations of its leaders to win the Presidency. Here is the list of these Republican aspirants: Senators Harding of Ohio, Johnson of California, Lenroot of Wisconsin, Poindexter of Washington, Borah of Idaho, Lodge of Massachusetts, Knox of Pennsylvania, Sutherland of West Virginia, Watson of Indiana, La Follette of Wisconsin, and Sherman of Illinois. Several of these are only "dark horses," of course, but each seems to expect a call if a deadlock should come in the Chicago convention.

Hiram Johnson, who is "Progressive" in the West and conservative in the North and the East, is causing the Old Guard leaders worry and serious concern. They fear his influence in the Republican national convention. The Penrose-Hays group see danger ahead.

The standpatters are uneasy also lest General Wood and Senator Johnson dynamite Senator Harding in Ohio. The Presidential worries of the Republican interfere with the business of Congress. With the House studiously and prayerfully hunting for political capital and the Senate launching and fostering Presidential booms, the people are getting the worst of the bad bargain they made when they elected the Sixty-sixth Congress.

Clubs and Churches

To See Grand Opera.

A number of Maryville people are planning to go to St. Joseph tomorrow to see the San Carlo Grand opera company appear in "Carmen" tomorrow afternoon and "Il Trovatore" tomorrow night at the Lyceum theatre. Among those attending will be Mrs. A. A. Brewer, Miss Gladys Bookman, Miss Elizabeth Leet, Miss Bessie Hasket and Miss Lois Harrison.

Bridge Party.

Mrs. C. D. Koch and daughter, Miss Martha, entertained informally this afternoon at bride at their residence on East Fourth street. Guests were invited for four tables. This was the first of two parties to be given at the Koch home this week. The out-of-town guests this afternoon included Mrs. Edwin Fletcher Caldwell of Burlington Junction and Mrs. George Palfreyman of Fort Worth, Tex., who arrived at noon today and will be a guest at the Koch home for several days.

Club Board Meeting.

Four former members were re-instated and eleven new women were received into the membership of the Twentieth Century club at a meeting of the Executive board which was held yesterday afternoon at the Elk's club. The four women re-instated are Mrs. Fleming Carpenter, Mrs. J. F. Hull, Mrs. Frank W. White and Mrs. John J. Gray. The new members are Mrs. Clarence Cook, Mrs. C. E. Stilwell, Mrs. W. A. Burris, Mrs. J J Helfner, Mrs. Robert Rice, Mrs J R Lowry, Mrs C H Coe, Mrs. Frank Garrett, Mrs. Milton Garrett, Mrs. Phil Ridgeway and Miss Laura Craig. Mrs. A. A. Brewer, president of the club, was chosen to be a delegate to the biennial convention of the General Federation of Women's clubs which will be held in June at Des Moines, Iowa. The alternates chosen were Mrs. W. O. Garrett, Mrs. M. G. Tate, and Mrs. W. A. Rickenbrode. It was also decided that the next meeting of the entire club will be given in the form of a luncheon which will be held on April 20 at the home of Mrs. W. O. Garrett. The three departments, the Tourist, the Shakespeare and the Arts and Crafts, of the Twentieth Century club submitted their plans for their next year's work which were approved by the board. The Tourist department will study Central America and the adjacent islands and also women's rights in the various states. The Arts and Crafts department will continue their reed work including rug making and the Shakespeare department will study modern drama, grand opera and modern poetry. The meeting of the Executive board held yesterday was the last one scheduled for this year. The last session of the Twentieth Century club for the year will be a meeting for the installation of officers to be held on May 20.

New Residents Arrive.

Mrs. D. H. Bartholomew and baby daughter, Jane Ellen, formerly of Salt Lake City arrived in Maryville at noon today to join Mr. Bartholomew, the manager of the J. C. Penney store. Mr and Mrs. Bartholomew will be at home in the former J. W. Ray property at 403 South Main street. Mrs. Bartholomew and daughter were accompanied here by the former's mother, Mrs. W. H. Thayer of Atchison, Kan.

HOW SOLDIER DISPERSED ATTACKS.

"For two years my stomach trouble was very bad, my doctor had to inject morphine on several occasions when I was stricken with these attacks. Since taking 4 bottle of Mayr's Wonderful Remedy I have been entirely well and am serving in the artillery, having been pronounced in perfect health by government physicians." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convice or money refunded. Maryville Pharmacy and druggists everywhere.

U. S. LENDS FARMERS $15,000,000.

Washington, D. C.—More than 4,000 farmers were accommodated with loans during January, according to the latest monthly statement of the Federal Farm Loan Board. The aggregate of these loans was $15,055,655. The borrowers got this money on a long-term basis, and at rates considerably below the average interest charged by private lenders.

One Look at This New Chalmers Makes You Want It

YOU can't get into an argument about the beauty of this new Chalmers. Everyone admits it. Just one look suffices. Its coach, with large square doors, infinite detail, engaging appointments, superior high finish establishes a precedent.

And when you sink into those new type cushions that tilt deeply you say to yourself: "Here is comfort, indeed."

Then let loose the power stream. Note the silence. You can scarcely hear a sound. Watch for vibration. You detect none—not even the semblance of a fender quivering.

All throbbing is gone. Hot Spot and Ram's-horn make sure this rhythm. They "digest" the gas before it gets inside the engine, and they "feed" each cylinder quickly and evenly.

They make results de luxe in power, and that is why so many now say Chalmers is one of the few great cars of the world.

If Constipated, Bilious or Headachy, take "Cascarets"

Sick headache, biliousness, coated tongue, or sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep.

ADVOCATES NEWSPAPER STYLE FOR PREACHERS.

Boston, March 26.—"When the minister learns to use newspaper style he will have learned to preach so people can understand him. The minister, should read the daily papers. The style they use will help him to speak to the people in a way that will demand their attention," declared Dr. Christian F. Reisner, of New York, speaking before 200 students of the Boston University School of Theology.

"It is time for the church to get out and advertise. The time is past for ministers to wear a preacher's coat and preacher's face and manner. It is time for him to be human, to read the sporting pages and talk base ball.

THE ONLY WAY OUT.

The American business world sees in increased production the way out of the present abnormal price situation, and the only way. So important is this regarded as a means of restoring normal conditions the Chamber of Commerce of the United States will make its eight annual meeting, to be held at Atlantic City, April 27 to 29, an "Increased Production Convention."

The Chamber proposes in this gathering of representatives of more than $1,200 industrial and business organizations to get at the way root of ways and means of stimulating the basic industries of the country to energetic activity. Every subject taken up will be discussed from the point of view of national and world production.

Considerable space is given to agricultural production. The Government's part, the farmer's part and the part of the business man will be presented. Labor in relation to production will be discussed by one of the leaders of labor as well as from the employer's viewpoint.—The Nation's Business.

STALLION AND JACK FOR SALE.

As I have quit farming I have for sale a Registered Black Percheron Stallion, Tableau, No. 88907, foaled October 20, 1911, weight 1800 pounds, sired by Phenix 42215. This stallion is a good breeder, and in fine shape for service.

Also one 6-year-old Jack sired by Major Domo, owned by G. M. Scott. This is a large boned jack with white points and a good breeder.

I have good colts from both Jack and Stallion, which can be seen at any time.
